Dear Cedar Springs City Council:

We understand and appreciate the role you play in the support of our community library. That said we also object to the treatment of Ms. Maryevelyn Vu by the council during the March City Council meeting.

Ms. Vu has been a dedicated and effective member of our library board and we are very appreciative of her service. We are especially disappointed as she seems to be targeted for her "offense" of which other library board members are equally "guilty". We do not condone or accept such behavior toward any board member.

In the spirit of the community library, we ask that you issue a written, public apology to Ms. Vu post haste.

Thank you for your consideration.

Sincerely,

A.J. Anielski - CSPL Chair for the Cedar Springs Public Library Board

Re: Autonomy of Cedar Springs Public Library

Dear Library Board Members:

Our office has been retained on your behalf to (1) review and discuss the level of autonomy of the Cedar Springs Public Library ("Library"); (2) identify the funding of the Library and what happens to that funding if it joins the Kent District Library; and (3) review whether Solon Township properly nominated A.J. Anielski as one of its representatives to the Library Board.

Background

A historical summary of the Library is necessary before beginning a review of the questions raised. In 1936, a petition to establish the Library as a Village library was filed pursuant to the City, Village, and Township Library Act, Public Act 164 of 1877, in the Village of Cedar Springs. Accompanying that petition was a 0.5 millage request for funding in perpetuity. Both measures passed and the Library was created. According to available records, the Library became a City library in 1959 when the Village of Cedar Springs became the City of Cedar Springs. Clarification and confirmation that the Library is a PA 164 library occurred on June 12, 1975, when the City of Cedar Springs passed a motion stating: "BE IT HEREBY RESOLVED: That effective July 1, 1975 the Cedar Springs Public Library be organized under the provisions of Act 164 of the State of Michigan for 1877."¹

It appears the Library was for the exclusive benefit of the City until December of 1984 when Solon Township ("Township") entered into a Contract for Library Services. The agreement

¹ Minutes of the Regular Meeting of the City Council, June 12, 1975.

property in the city.”⁷ In summary, the City levies 1.5 mills, subject to Headlee, to fund the Library. Presumably, the penal fines and State aid allocated to the City also contribute to the City’s funding of the Library.

At the same time the City and Township entered into the 2017 Agreement, the City also bought the Library building “and all associated improvements and fixtures” from the Community Building Development Team and the Cedar Springs Public Library pursuant to a Real Estate Conveyance Agreement dated August 30, 2017 (“Conveyance Agreement”). The Conveyance Agreement stated that upon delivery of a quit claim deed to the City, the parties would agree to lease the Library building to the Library. The most recent version of said lease is dated January 25, 2021 (“Lease”) and provides that it will continue indefinitely but that each party may terminate the Lease “at any time in that party’s sole discretion with six months prior written notice provided to the non-terminating party.” The Lease states it supersedes and extends the lease agreement originally entered into between the parties in 2017. The Lease is between the Cedar Springs Public Library as tenant and the City of Cedar Springs as landlord.

The Library Board adopted Bylaws governing its operations beginning May 4, 2004. The most recent version was readopted December 19, 2022. Like the 2017 Agreement, it provides that the City can appoint four (4) Library Board Members and the Township can appoint three (3) Library Board Members.

DISCUSSION

1. To what extent is the Library independent from the City and Township?

Legally, the Library is independent from the City and Township and the Library Board exclusively directs the expenditure of Library funds. However, this independence is mitigated to the extent the City and Township may appoint and remove their representatives to the Library Board and, presumably, will nominate those persons who share the views of the City Council or Township Board, respectively. Additionally, the City may terminate the Lease (and also the 2017 Agreement) for any reason upon six (6) months’ written notice. This level of control over the Library’s future seemingly gives the City enhanced influence over Library operations.

As a PA 164 library, the Library is statutorily independent from the City and Township. Section 5 of PA 164 states:

The governing board of a library shall, immediately after appointment, meet and organize, by the election of 1 member as president, and by the election of other officers as necessary. The governing board shall make and adopt bylaws, rules, and regulations for its own guidance and for the government of the library and reading room, consistent with this act. The governing board has

⁷ MCL 397.201.

provide that libraries established pursuant to it were to be independent of the politics of local government.

The autonomy of PA 164 libraries was further solidified by the Michigan Court of Appeals in *Benton Harbor Library v. City of Benton Harbor*.¹³ In that case, the library board for the Benton Harbor Library, a PA 164 library, sued challenging the City of Benton Harbor's ordinance which mandated a residency requirement upon members and employees of the library board. The Court of Appeals found that both Section 5 of the PA 164 and the City of Benton Harbor's charter "envision an independent library board."¹⁴ The Court of Appeals then went on to quote *Bostedor* favorably finding that "both the statute and the city charter envision an independent library board and in our opinion the statute and charter take precedence over the ordinance."¹⁵ The court ruled that the PA 164 library was independent from the city's ordinances.

The Michigan Attorney General has also opined upon the autonomy of PA 164 libraries. In a 1996 opinion, the Attorney General found that library board members have the authority to determine the final annual budget of a city library established under the Act. The language of Section 5 of PA 164 "makes it abundantly clear that it is the library board, and not the city council, that determines the amount of money to be raised for library purposes within the library tax rate approved by the voter."¹⁶ The Attorney General opinion makes clear the language of Section 5 of PA 164 that states that the PA 164 library board has exclusive control over how money collected for the library is spent.

Based upon the language of Section 5 of PA 164 and the interpretation of that language by the courts and the Attorney General, it is my conclusion that the Cedar Springs Public Library and its Library Board, are financially independent from the City and Township and not subject to their direct governance.

Despite this autonomy, the Township and, particularly the City, have influence over the direction of the Library. First, the 2017 Agreement and the Library Bylaws, required by Section 5 of PA 164, state that the Library Board shall consist of 7 members, 4 appointed by the City and 3 appointed by the Township.¹⁷ Since the City Council and Township Board appoint their respective members, they can select individuals who they feel will represent their interests to the Library Board. Further, if they feel an appointee is not representing their interests, then the municipal body can remove that director. This means that while the Library Board is an independent body that can make its own decisions, the City and Township can influence those decisions by appointing directors who will represent their interests and remove those directors who do not.

Second, the ability of the City and Township to terminate the 2017 Agreement upon six months' written notice means that either party could threaten to withdraw from the Library which

authorization of the 0.5 mill prohibited such allocation. The voter approved KDL millage would make up the difference. The 1.0 mill levied by the City will terminate once the KDL millage is approved since the 1.0 mill was not voter approved but authorized by the City pursuant to PA 164 and the Library would change its status from a PA 164 library to a district library.

The proposed Agreement with KDL does not contemplate the Library or the Township as parties, so it is unclear what would happen to the money collected by the Township. If it joins KDL, its penal fines and State aid will go to KDL. Presumably, it would have a similar relationship as the City such that it would contribute an additional amount until the KDL millage is approved by the voters in the Township after which its 0.4 mill voter approved millage may be used to contribute to its obligations under the district library agreement. If the Township does not join KDL, then it would have to identify another recipient for its penal fines and State aid, as well as its 0.4 millage if it chooses to continue to collect it.

Once the City and/or Township approve the KDL millage by a majority vote of the electors in the municipality, then any changes in the KDL millage need only be approved by a majority of voters in the entire district, not a majority of the municipality. The revised district millage applies to all members of the district.

3. Has Solon Township properly appointed A.J. Anielski to the Library Board?

The Library Board is not responsible for determining if Solon Township properly appointed A.J. Anielski as its representative to the Library Board. This is the responsibility of the Township. Notwithstanding this conclusion, I agree with the conclusions reached by attorney James Scales in his March 22, 2023 letter that the Township properly appointed Mr. Anielski as one of its Library Board representatives.

Reviewing whether the City or Township properly selects an individual for the Library Board is not part of the Library Board's duties. The 2017 Agreement and the Library Board Bylaws only state that the City may appoint four Board members and the Township may appoint three Board members. The 2017 Agreement states that the mayor of the City and the supervisor of the Township select the proposed member which is to be approved by the City Council and Township Board, respectively. Similarly, the Library Bylaws require four directors from the City and three from the Township and that each board member be a qualified elector and resident of the service district. The Library Board does not have a say as to whom the City and Township appoint or by what means the person is appointed. The appointee need only receive the approval of the City Council or Township Board. Mr. Anielski received the approval of the Township Board and therefore is the Township's director. There is no specific authority under the Library documents or PA 164 for the Library Board to challenge the appointment.

Even if the Library Board did challenge the process by which Mr. Anielski was appointed, it appears from the information provided that the Township Board properly followed its requirements for appointing Mr. Anielski to the Library Board. It is my understanding that there is concern that the Township Board did not list "Public Comment" on its Agenda for its Solon Township Staff Meeting on March 8, 2023 at which Mr. Anielski was appointed and that failure

rescheduled meeting and that the notice be posted at least 18 hours in advance of the meeting.²⁴ Solon Township's rescheduled meeting Public Notice posted February 28, 2023, satisfied these requirements.

Based upon the information available regarding the Township Board Staff Meeting of March 8, 2023 and the language of the OMA, it does not appear that the Township Board's decision to appoint Mr. Anielski to the Library Board would be invalidated by a court of competent jurisdiction.

CONCLUSION

Based upon the forgoing analysis, it is my conclusion that the Library Board is an independent body delegated the exclusive authority to spend funds collected for the benefit of the Library, but that such independence is subject to the practical limitations of the City and Township's ability to appoint and remove Library Board members, the ability of the City and Township to terminate the 2017 Agreement, and the ability of the City to terminate the Library's Lease. It is my further conclusion that voter approved millages collected by the City and Township on the Library's behalf would be used to help fulfill their respective financial obligations under the KDL district library agreement but the 1 mill City approved millage would terminate. Finally, I am aware of no evidence to suggest that the decision of the Township to appoint Mr. Anielski to the Library Board may be invalidated based upon a violation of the OMA.

If you have any questions or need any further information, please do not hesitate to contact my office.

Very truly yours,

Re: Termination of Agreement for Library Services with Solon Township

Dear Mr. Anielski:

The City of Cedar Springs established the Cedar Springs Public Library under its authority to establish a public library and reading room under Public Act No. 164 of 1877, MCL 397.201 et seq., as amended ("PA 164"). Under PA 164, the Cedar Springs Public Library is governed by the Cedar Springs Public Library Board (the "Library Board") subject to the duties, obligations, and limitations on the authorities of the Library Board as outlined in PA 164.

Pursuant to Sections 13 of PA 164, the City of Cedar Springs has entered into an agreement to provide library services to the residents of Solon Township dated June 29, 2017 (the "Library Services Agreement").¹ I have attached a copy of the Library Services Agreement to this letter for your reference. The Library Services Agreement, in accordance with Section 15 of PA 164, modified the Library Board to create the current Library Board comprised of directors appointed by Solon Township and the City of Cedar Springs.

In keeping with Section 11 of the Library Services Agreement, which grants either party the right to terminate the Library Services Agreement effective upon six months' written notice, the City of Cedar Springs has invoked its right to terminate the Library Services Agreement and has informed Solon Township accordingly. The termination of the Library Services Agreement is effective on October 13, 2023.

The purpose of this letter is to inform the Library Board of the termination of the Library Services Agreement and advise the Library Board on the impact of the termination on the affairs of the Library Board and the legal duties of the Library Board during the intervening period of time between the date of this letter and the effective date of the termination.

Note, the termination of the Library Services Agreement, once effective, does not terminate the Cedar Springs Public Library or the Library Board, but it will change the composition of the Library Board. In accordance with Section 5 of the Library Services Agreement, consistent with the provisions of PA 164, on the effective date of the termination of the Library Services Agreement the current "joint" Library Board comprised of members appointed by both Solon Township and the City of Cedar Springs will be abolished. The term of office for all Library Board members will end. After the effective date of the termination, the Library Board will proceed under the provisions PA 164 as a non-joint board. Accordingly, the City will, pursuant to Section 2 of PA 164, appoint, or re-appoint, directors of the Library Board to take office beginning on the effective date of the termination.

¹ Note, consistent with Section 13 of PA 164, the parties to the Library Services Agreement are Solon Township and the City of Cedar Springs, not the Library Board.

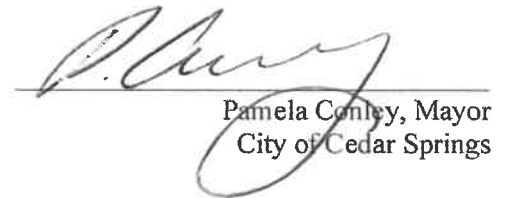

During the period from the date of this letter to the effective date of the termination of the Library Services Agreement, the Library Board is still subject to the Library Services Agreement and PA 164 regarding its authority, duties, and obligations. The Library Board is cautioned not to take any action that violates the Library Services Agreement, is not authorized by PA 164, or violates the fiduciary obligations owed by a member of the current Library Board to the Cedar Springs Public Library.

Specifically, the current Library Board should avoid entering into any new library services agreements. The current Library Board, as a Section 13 joint library board, is not authorized by PA 164 to enter into library services agreements. Any such agreement, in addition to being unauthorized under PA 164, may violate the Library Services Agreement and have a long-lasting negative impact on the Cedar Springs Public Library after the transition of the current Library Board. The City will pursue all legal remedies at its disposal to prevent the creation of any new library services agreements, or any other actions not in the best interests of the Cedar Springs Public Library, between the date of this letter and the effective date of the termination of the Library Services Agreement.

Please note, after the effective date of the termination of the Library Services Agreement, the City would be supportive of the extension of library services to the residents of Solon Township under a new arrangement to be discussed between the City and Solon Township and approved by the newly constituted Library Board.

Please feel free to contact me should you have any questions. It is the City's intention to minimize any disruption of the day-to-day activities at the Library during this period of transition for both patrons and employees.

Sincerely,

Pamela Conley, Mayor
City of Cedar Springs

Re: Termination of Agreement for Library Services – Effective October 13, 2023

Dear Mr. Ellick:

The City of Cedar Springs established the Cedar Springs Public Library under its authority to establish a public library and reading room under Public Act No. 164 of 1877, MCL 397.201 et seq., as amended ("PA 164").

Pursuant to Sections 13 of PA 164, the City of Cedar Springs has entered into an agreement to provide library services to the residents of Solon Township dated June 29, 2017 (the "Library Services Agreement"). I have attached a copy of the Library Services Agreement to this letter for your reference. The Library Services Agreement, in accordance with Section 15 of PA 164, modified the Library Board to create the current Library Board comprised of directors appointed by both Solon Township and the City of Cedar Springs.

Pursuant to Section 11 of the Library Services Agreement, which grants either party the right to terminate the Library Services Agreement effective upon six months' written notice, the City hereby gives formal notice of its intent to terminate the Library Services Agreement effective six months from the date of this letter or October 13, 2023. As of October 13, 2023, the Library Services Agreement will be terminated and of no further force or effect.

During the six-month period from the date of this letter until the effective date of termination, the Library Services Agreement, and all of the rights and duties of the parties under it and PA 164, will remain in effect.

In accordance with Section 5 of the Library Services Agreement, consistent with the provisions of PA 164, on the effective date of the termination of the Library Services Agreement, the current "joint" Library Board comprised of members appointed by both Solon Township and the City of Cedar Springs will be abolished. The term of office for all Library Board members will end. After the effective date of the termination, the Library Board will proceed under the provisions PA 164 as a non-joint board. Accordingly, the City will, pursuant to Section 2 of PA 164, appoint, or re-appoint, directors of the Library Board to take office beginning on the effective date of the termination.

Please note, after the effective date of the termination of the Library Services Agreement, the City would be supportive of the extension of library services to the residents of Solon Township under a new arrangement to be discussed between the City and Solon Township and approved by the newly constituted Library Board.

Please feel free to contact me should you have any questions. It is the City's intention to minimize any disruption of the day-to-day activities at the Library during this period of transition for both patrons and employees.

Sincerely,

Pamela Conley, Mayor
